TWO MEET DEATH IN SANITARIUM FIRE

Many Fires Take Toll of Life and Property

QUARTER MILLION DOLLAR BLAZE IN KANSAS FACTORY

LEAVENWORTH, Kns., April 3.—Fire starting shortly after midnight destroyed the plant of the Great Western Manufacturing Company here with an estimated loss of $250,000. The flames for a time threatened to get beyond control of local fire fighters and calls were sent to surrounding cities for aid. About 250 men were employed by the company. The building occupied a full block and was two stories high.

LARGEST MILLS IN THE WORLD ARE TODAY IN ASHES

LAKE CHARLES, La., April 3.—LakeCharles Mills, the largest in the world, destroyed by fire today, with a loss of $2,000,000.

Cleveland Has Heavy Hitters In Big League

By HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, April 3.—With seven players in the line-up day after day who are capable of 300 hitting or better the Cleveland Indians are assured of some batting through the 1924 season if they do nothing else.

As the pitching problem concerns so many of the other pennant contenders in both major leagues, it will be a vital factor with the Indians.

With such a powerful punch, the Indians might win the pennant under ordinary conditions with the pitchers they had last season but the power of the New York Yankees on the defense makes it imperative their opposition have something more than a sock.

George Burns is back in the line-up at first base and the Cleveland infield is not only strengthened on the defense but the punch of the team is greatly increased.

Lutzke at third base was a fine player last season. Joe Sewell at shortstop is one of the best in the game. Stephenson will play second base regularly and ought to make good. He is a splendid hitter.

There are no better outfielders in the league than Jamieson, Speaker and Summa and there are capable reserves

Steve O'Neil, one of the best catchers in the league, has gone to Boston. Some critics think that O'Neil will be missed badly, particularly by the young pitchers, but others think that Walters will be improved by the change from a second division club to a pennant contender.

Myatt and Sewell, Speaker has announced, will work regularly with Walters back of the plate.

The pitching staff consists of Uhle, Coveleskie, Morton, Shauto, Edwards and Smith.

Uhle is one of the greatest pitchers in the game and the best batting pitcher in baseball. Speaker will have a nine-man team every time he pitches and he is a bear for work. Uhle ought to be the best pitcher in the league this year.

The Indians look sure to be at least a second place club and if anything should happen to the Yankees they might win the pennant.

MORE PAPERS WANTED

WASHINGTON, April 3.—Senator Wheeler of the Daugherty investigation committee ordered a subponae issued for certain papers alleged to have been seized by Secretary of War Weeks when no testimony was given involving the War Department in war fraud case. The subpoenca also called for Week's personal appearance.

RESCUERS ARE DIGGING FOR ADDITIONAL VICTIMS

LENOIR, N. C., April 3.—Two bodies were taken from the ruins of Broad Oaks sanitarium at Morgantown near here following a fire today. The blaze destroyed the north wing where forty patients were sleeping. Fireman are digging in the debris for additional bodies.

End of Probe Now Sighted

By PAUL R. MALLON
(United Press Staff Correspondent)

WASHINGTON, April 3.—With the end of their inquiry in sight Senate oil investigators today prepared to translate the results of the scandal probe into definite results immediately.

The Federal grand jury which meets here April 10, will be entrusted with criminal proceedings against at least five men whose names have figured in the oil inquiry. At the same time the committee will take steps to make apparent to the country the concrete results of its months of work. These are:

1. Prepartion of a report which will sweepingly condemn policies followed with respect to the leasing of naval oil reserves.

2. Presentation of amendments to the leasing law and probably some original legislation to prevent future disposition of any part of the public resources, without a check by Congress.

Senator Walsh, Montana, leading spirit in the investigation, is now at work on the proposed legislation. It will be impossible to get action on this at the present session of Congress but Walsh and his colleagues want to have it introduced as soon as practicable as notice to the country that the committee intends to heed the lessons learned in the inquiry.

The report which will cover millions of words of testimony will apply in the main to the period since Walsh went to Palm Beach in January to question E. B. McLean and is expected to be one of the most scathing documents ever presented to the Senate. It will condemn the turning over of the naval oil lands from the navy to the interior department and the manner in which Teapot Dome and Elk Hills were leased to Sinclair and Doheny.

Walsh and the committee are cleaning up the loose ends of the inquiry by seeking further evidence concerning the reputed "bartering" at the 1920 Republican national convention, Government counsel are in constant touch with the probers going over evidence for presentation to the grand jury.

At least five persons will be named in indictments to be sought on charges of conspiracy to defraud the Government, it was indicated.

Mr. and Mrs. Theo. Klug, Sr. have as their guests, Theo. Klug, Jr. and his wife from Long Beach, Cal., and Mrs. Ollie Bozell, from Kansas City, who has been spending the winter months in the South, in Florida and also at New Orleans. Mrs. Bozell comes here from San Antonio and says that she is pleased with our Texas weather. Mrs. Bozell's son, Harold Bozell, is editor of The Electrical World.

B. E. Satterfield was here Wednesday from Austin.

C. E. Durham, of Austin, of the State Health Department, was in Mexia Wednesday.

Mr. and Mrs. H. B. Herbert, of Corsicana, were visitors to Mexia Wednesday.

John A. Lomax, of Austin, was a visitor to Mexia Wednesday.

Bath tubs are provided in most public schools of Sweden.

MEN AND WOMEN WHO ARE IN DAY'S SPOTLIGHT.

Above: MISS RUTH B. ESPARZA, J. H. THOMAS & ADMIRAL HILARY P. JONES.
Below: GEORGE OTIS SMITH, MRS. BEULAH CROKER & WILLIAM M. HUGHES.

Dr. George Otis Smith, director of the Geological Survey, and Rear Admiral Hilary P. Jones, U. S. N., are two of three members selected by President Coolidge to make a survey of off-land conditions, to determine how the petroleum deposits of the United States and Alaska can best be conserved. Because of threats against his life, alleged to have been made by radical elements who dislike his conservatism, an armed guard has been assigned to protect J. H. Thomas, Laborite Secretary for the Colonies in the British Labor Cabinet. William Morris Hughes, former Labor Premier of Australia, in America on a visit, jeered the Labor Ministry in Great Britain because it contained three Lords and was adding others. A temporary advantage, which may result in great financial gain to her, was won in New York City by Mrs. Beulah Edmonston Croker, Indian widow of Richard Croker, former head of Tammany Hall, who died on his Irish estates, in her fight against claims of Croker's sons and daughters by his first wife. Ruth B. Esparza, a girl of humble parentage from Guanajuata, Mexico, has enrolled at the Illinois College, Jacksonville, Ill., to fit herself for teaching the illiterate children of her native country

DR. J. O. HOLTON PRAIRIE HILL SHOT AND KILLED

PRAIRIE HILL, Texas, April 2.—Dr. J. O. Holton, 46, was shot dead on the street here today. Eight shots from an automatic pistol were fired into his body. No words were exchanged between him and his slayer prior to the shooting, it is said, and he was unarmed. Sheriff Whit Popejoy of Groesbeck and County Attorney Scott Reed came here this afternoon and questioned a prominent landowner who is said to have had a personal encounter with Dr. Holton some months ago, following the latter's testimony in a trial. Dr. Holton had lived in Prairie Hill about 20 years. He is survived by his wife and several children.

GROESBECK, Texas, April 3.—Jerome Person was released under $5000 bond today pending action of the grand jury in connection with the shooting to death of Dr. Otis Holton at Prairie Hill.

Dr. Holton, 46, is survivied by his wife, two sons and one daughter., His sons are Jack, about 16 and J. O., Jr., about 3, his daughter, Ruth, 6.

Interment will take place at 3:00 o'clock at the Prairie Hill cemetery. Quite a number of other relatives and friends from Mexia and from other sections of the county are in attendance.

IMPROVEMENTS MADE AT WESTMINSTER.

Some improvements in the way of refurnishing and repainting the class rooms at the college at Tehuacana are now being made. Preparations are being made to take care of a large student body during the Summer Normal which opens there shortly after the close of school in June. The faculty has already been selected and bulletins have been sent out advertising the session.

The fire department made a run out to the Bybee Drug Store on Belnap street at 8:45 p. m. Wednesday on a false alarm.

DR. W. B. BAGBY
AT BAPTIST CHURCH
THURSDAY NIGHT

Dr. W. B. Bagby, for thirty years the Baptist Missionary to Brazil, will be in Mexia tonight to conduct a service in connection with the Baptist $75,000,000 spring pay up drive. He will seek the fullest co-operation of members of the denomination of this community in attempting to make the meeting one of the most successful in the history of the church.

Naval Officer's Wife Turns Over Fund He Secured

....SAN DIEGO, Cal., April 3.—Mrs. Erskine Brown, wife of Lieutenant Brown, naval supply officer, alleges that he deserted the ship after taking $120,000 of government money, today turned over $75,000 to local naval authorities. She brought the money here from Los Angeles in a grip. She said she took it from her husband while the latter was unaware.

DALLAS, Texas.—S. E. Moss reported to local police that for the third time thieves have stolen his diamond stud, which he values at $2,500. According to Moss, the huge gem was lifted from his shirt front while he slept. Considerable cash in his trousers pocket was left, he said.

ABILENE, Texas.—Mrs. T. M. Hicks, 35, is being held here in connection with the shooting to death of Roy Parker, 26. Authorities said the shooting resulted from an argument over a gas bill.

ROTARY ENJOYS FINE PROGRAM THURSDAY NOON

Under the able leadership of Pat Patterson the Rotary club had a great meeting at the luncheon today.

There were a number of visitors present, out of town visitors being Mrs. Robert L. Browning of Terrell, Chairman of the Bureau of Information and Parliamentarian of the Federated Clubs. Mrs. J. E. King of San Antonio, who is chairman of the Texas State Prison supervisors, Miss Lucile Lechner of Terrell who was introduced as the Song Bird of Terrell and the sweetheart of Rotary. Visitors of Mexia were Miss Beth Ellington, Mrs. Pat Patterson, Mrs. Ben Stollenwerck, Mrs. E. L. Smith, Mrs. Ira Needham, and Mrs. Joe Jeffers. Men visiting were E. L. Smith, L. T. Samford of Mexia, and Mr. J. E. Winnans of Fort Worth, and Mr. S. W. Mabry of Dallas.

Miss Lucile Lechner of Terrell was on the program and sang two numbers which were very much appreciated by the Club. She was accompanied by Mrs. Ira Needham of Mexia.

Mrs. Robert L. Browning of Terrell spoke for ten minutes on the service rendered by the Federated clubs, what they were doing and how they planned their work. Mrs. Browning paid high tribute to the men for their help to the ladies.

Mrs. J. E. King of San Antonio spoke on the state prison system and its workings, giving some most valuable information to the club about the supervisory boards work in the prisons, what they had done and what they hope to do, they have worked against great odds, but have done a noble work. Her speech followed one on the same subject given at the regular session on Wednesday morning at the high school which will be given in an early issue of The Mexia Daily News.

WASHINGTON.—It would be "economic suicide" to levy a 40 per cent estate tax on large fortunes as proposed by the House, Secretary of the Treasury Mellon told the Senate Finance committee. The estate tax is a levy on capital and when carried to an excess differs in no way from the revolutionary practices of Russia, Mellon told the committee.

Harding Blamed For Mistakes By G. O. P. Speaker

PORTLAND, Maine, April 3.—Laying republican mistakes to the late President Harding, and absolving President Coolidge of all blame, Senator George Wharton Pepper of Pennsylvania, in a keynote speech in behalf of Coolidge's administration, told the republican state convention today that the appointment of Colonel Charles Forbes as head of the Veterans Bureau and Albert Fall as Secretary of the Interior "were terrible mistakes" and that Harry Daugherty's selection as Attorney General was a "grave error in his judgment." Pepper said democrats, endeavoring to discredit the republican party have discredited both parties "to such an extent that an irresponsible and highly dangerous third party is actually suggesting itself to some extremists as a practical possibility."

Work Progressing On Biology Bldg.

AUSTIN, Texas, April 3.—Steady progress is being made on the construction of the $400,000 biology building on the campus of the University of Texas, according to G. A. Endress, superintendent of construction. The outside walls of the first floor have been completed, and the concrete has been laid. Construction of the basement up to the first floor is practically complete. The furniture for the building will be purchased on competitive bids.

Dedication services will be held formally in the spring of 1925, it was recently announced, when an appropriation for that purpose was made by the Board of Regents. No ceremony was held when the cornerstone was laid, but a copper box was placed in the cornerstone, containing valuable records of the University. The contents included a catalogue for the session of 1922-23; a source book on the history of the University by Dean H. Y. Benedict, a copy of the Daily Texan; a copy of an article on the history of biology in the University, by Dr. J. T. Patterson, professor of zoology; reprints of articles and the signatures of members of the faculties of the departments of zoology and botany.

DALLAS, Texas.—William G. McAdoo, democratic presidential candidate, will stump Texas in behalf of his political aspirations April 9-12. McAdoo's Texas manager, Cato Sells, announces the following spenging schedules for the late Woodrow Wilson's son-in-law: Amarillo, April 9, 6 p. m., Fort Worth, April 11, 2 p. m.; Houston, April 12, 9:30 p. m.; San Antonio, April 12, 7:30 p. m. McAdoo will come to Texas direct from his home in California, returning to Los Angeles after his speech at San Antonio. April 12.

OKLAHOMA OIL MAN CALLED BY SENATE PROBERS

WASHINGTON, April 3.—Robert J. Wolfe, publisher of Columbus, Ohio, and J. B. French, Oklahoma oil man, were subpoenaed today by the Senate oil committee in connection with reported political deals at the 1920 republican convention in Chicago. Wolfe was a member of the Ohio Wood delegation to the convention. French was a political associate of the late Jake Hamon.

Because he refused to obey orders and keep away from the Brookhart committee and the capitol, Thomas L. Lane, legal advisor to the chief of the army service was dismissed by Capt. Volandt, chief audit of section air service, Lane told the Daugherty investigating committee. Subsequently Lane testified that the files of private investigations he made of the Standard Aircraft corporation were removed from his desk by Voldant. The committee summned Voldant by telephone to appear immediately. Also informed Secretary of War Weeks of Voldandt's reported action.

Canned Heat Is Taking Its Toll In Toledo Ohio

TOLEDO, Ohio, April 3.—The death toll in Toledo's "canned heat" poison alcohol orgies rose to eighteen today as police bent every effort to round up durggists believed to be selling the new form of death dealing booze.

Three more men died during the night from effects of the poison.

DALLAS, April 3.—The anti-klan ticket, headed by Clinton P. Russell, was officially declared winner today of Dallas' school board election. Russell defeated John L. DeGrazier, klan candidate for president of the board of education, by 28 votes. May or Blaylock ordered the ballots guarded today pending probability of a recount, so close was the result. Klan leaders, it was expected, might contest the results, and demand a recount.

HOW TO CHOOSE A SCHOOL BOARD.

Mrs. Henry Redmond, State President of the Texas Federation of Women's clubs who is now in Mexia attending the Third District Convention, has rendered education in this state a vast service by virtue of her great interest in this work and because of the added interest of 50,000 other women which she has done much to arouse.

Sometime ago, Mrs. Redmond issued a leaflet giving practical suggestions for Club Women in Texas in general use by the applied education department, the subject discussed "How to Choose a School Board." One of Mexia's splendid ladies has called attention to her statement as timely at present on account of the school board election next Saturday in this city. It is as follows:

How to Choose a School Board

1. A member of a school board should be representative of the community.

(This is a study in itself—How can we best represent our community?)

2. A member of a school board is chosen to serve, not to boss.

(The understanding of the difference between "serving" and "bossing" creates another study for us.)

3. He should be a gentleman in all his conduct.

(Not alone is he responsible to his fellow-members on the Board and the teachers of the school, but every child of the school expects him to be a gentleman.)

4. He should know that his work is legislative, not administrative.

(Study to know the difference. How are our schools, from the University to the County, administered?)

5. He should be chosen from the best talent available.

(This invites a study of the qualifications of a member of a schoolboard, and how to classify those available.)

6. He should be chosen as to merit.

(Ask your candidates: "Why do you wish to be on the School Board?" Hear their replies; and you will have some subjects for Roll Call in the Club Year Books.)

7. He should have backbone as well as brains.

(This is suggestive of the fact that a member of the school board must be able to stand alone, in his judgment.

8. He should be able to understand questions of finance.

(Here is a field of work for every club member. Surely, that is not the reason why some communities have no women on their school boards.)

9. He is responsible to the people.

(He should never forget this. Do the people always remember that this is a fact?)

10. He should keep within the limit of the desire of the people of the community who chose him.

(A thorough study of what constitutes the desire of a community, in reference to its school-board, might be made a profitable club paper.)

The principal qaulifications of a member of a school board: 1. Honesty; 2. Competence.

WELCOME WOMEN

In welcoming the delegates to the Texas Federation of Women's Clubs, Mayor Ernest Watson, Tuesday night at the Methodist church, spoke as follows:

The story was told of an old negro preacher who had never been ordained, but was content to remain an exhorter, some of his congregation decided to ask him about it; he said it was like this: A preacher had to take a text and then he had to stick mighty close to it, but an exhorter could branch and now I am going to ask you to pardon me if I branch a little.

It affords me a very great pleasure to come here and look into the faces of this wonderful gathering of these good women who are doing their part in life to make their home cities a better place to live. As mayor of this city I bid you welcome with all my heart and we are going to do our level best to make your stay here enjoyable. We deem it quite an honor to have you as our guests.

I read an advertisement a few days ago that made quite an impression on my mind and I think it well worth remembering. With your permission I would like to repeat it. It ran like this:

The mere fact courtesy is the cheapest commodity is one of many reasons why it should be used liberally on all occasions. Courtesy is the biggest word in the universal language. It opens the door of the heart, builds good will and makes good friends. After all, the greatest asset we can have is the well wishes of our good friends.

Some people measure success merely by dollars, by so doing they loose sight of the positive law of life which is: he takes out in proportion to that which he puts in.

I heard some good stories a few days ago and I like to pass them along It was my pleasure to attend a dinner given by the Dallas Rotary Club in honor of Mr. Guy Dundaker who is president of Rotary International. There were about 500 present. We enjoyed some splendid music and some very fine talks but the one that pleased me most of all was the talk made by an old gentleman from Philadelphia said to have been 74 years of age. His talk was along the lines of Rotary but intersperced with good stories. One, he told about the child asking it's mother where the light went when it went out and mother said, "Why ask me such a silly question, you might as well ask me where your father goes when he goes out."

Then another one about the child that grew restless through the night and could not sleep and asked it's mother to tell a story. About that time the clock struck 12 and mother said, "Just wait a few minutes and your father will be in and tell us both one."

Did you ever notice in an audience of this kind how easy it was to pick out the young ladies from the married ladies. The young ladies sit erect and very dignified, the married ladies sit all bent over, same as to say, I do not care how soon the day ends. Now dont take this too seriously as we must have a little fun as we go along.

Now with this thought and I will close.

You have it in your power to make us very happy or very sad. If during your stay here you have had a good time and on your return home you can speak a good word for our little city, you will make us very happy, on the contrary very sad.

TRAINING CAMP NOTES

COLUMBUS, Ga.—Three homers by Fred Merkle in successive times at bat gave the Rochester Internationals a 15 to 14 victory over the New York Yankees.

AUGUSTA, Ga. — Archdeacon's muff of Kelly's long fly and Bill Terry's sacrifice fly gave the Giants the run in the ninth inning that beat the White Sox, 5 to 4.

ST. PETERSBURG, Fla.—Stuffy McInnis singled in the fifth inning, and drove in the run that gave the Braves a 4 to 3 victory over the Robins.

MOBILE, Ala.—The Cleveland Indians arrived here today following their eight inning 11 to 6 victory over the Atlanta Crackers yesterday. Atlanta had a 6 to 1 lead when Coveleskie came to the rescue with some neat pinch pitching and hitting.

GREENWOOD, S. C.—The Detroit Tigers rallying in the ninth scored four runs and nosed out the Toronto Internationals, 14 to 13.

ORLANDO, Fla.—Red veterans and colts staged their final battle of the year here today. Their series has been even up and club officials will buy the winning side new straw bonnets. Camp will be broken Friday for the trip North.

PHOENIX, Ariz,—The Chicago Cubs won the last of a three game series from the Pirates here yesterday, 8 to 3. Elmer Jacobs and Vic Keene were on the mound for the Cubs.

NEW ORLEANS.—Herb Pruett, southpaw, fanned eight men in four innings and the Browns beat the New Orleans Pelicans, 5 to 2 yesterday. The Pels got six hits off Shocker, in the first five innings. The Browns play at Shreveport today.

BRADENTOWN, Fla—With Johnny Lavan catching and Allan Sothoron making a one-inning debut on the mound, the Cardinals won a 5 to 4 victory over Milwaukee in a ninth inning rally yesterday at Palmetto. Rickey is having a hard time finding a catcher and decided to experiment with Lavan.

DALLAS.—Judge J. M. Nelson, Sulphur Springs, announced his candidacy here for attorney general.

DALLAS, Texas, April 3.—Two negroes leaped from the second story window to safety today when fire destroyed the Wright hotel, a negro rooming house. Damage was $15,000.

Some Hints on Making Clothing Money Go Further

Do men take as good care of their clothes as women do of theirs? No, generally it is the women's job to take care of the men folks' wardrobes or else the clothes are often sadly neglected. And even more important than sewing on weak buttons or torn pockets is the education of the average man on the art of taking care of clothes so as to gain in appearance and save money.

Of course there are many things which mere man is generally not expected to do—but there are many others which the woman of the house should insist that he learn. There are little ways that man has which detract from his appearance and wear out clothes no matter how careful his wife may be.

Take an insignificant thing like tobacco crumbs in a coat pocket. They have been responsible for more "moth-holes" than the moths themselves. The tobacco ferments and eats through the cloth—and the moths are blamed. Any woman with a smoker in the house can save many dollars by teaching him to clean out his pockets.

Moths do not attack clean clothes—they breed only in darkness and dust. Before clothes are put away they should be thoroughly brushed and cleaned and the place where they are to go should be aired and scrubbed. It is better to wrap clothes in newspaper sprinkled with moth preventive than to hang them for a long period, like the summer.

If, when a man goes to buy a suit, he takes along his favorite chair and chooses the coat to fit the back of the chair, then it is alright for him to hang the coat on the back of the chair afterwards—otherwise it is not. Chair backs are usually not shaped like human backs and the common habit of hanging a coat on the back of a chair for the night results in unsightly shoulders, wrinkles and bulging sleeves. Use only a properly shaped hanger.

The most valuable secret of clothes economy is to give the clothes a rest every once in a while. Even steel, if it is constantly used, loses its resistance—gets what is called "metal fatigue." Wool fibres are easily pressed out of shape and worn out by continuous use, whereas they recover their strength if left to rest. It is therefore important that a man have at least two suits for regular wear.

Two suits worn alternately will outwear three suits worn continuously until they are worn out, one after the other. This does not mean a "Sunday suit"—the day of the "Sunday suit" is past. It means that a man saves many dollars in clothes by having at least two everyday suits.

And, of course, no woman needs to be told about the economy of quality. The good fabric, the careful cutting and sewing, the fine trimmings—all these are cheapest in the long run.

For the sake of sanitation, men's clothes should be cleaned regularly—for the sake of neatness they should be pressed regularly. Very often big cleaning bills can be saved by a little first-aid at home when clothes are stained. Here is what the home economics department of the House of Kuppenheimer, which makes millions of dollars worth of men's quality clothes every year, has found to be the best methods of taking out stains. Any woman with a little skill and care can save money by following these hints:

Candy or Sugar.—Apply clean cold water.

Chewing Gum.—Use carbona and elbow grease.

Coffee, Tea and Fruit.—Dip in hot solution of soda—1 pound to a gallon of water—then in hot soapy water. Should this not remove stain, dip in ammonia and soda and hang in sun.

Grass Stains.—Rub with ammonia, wash in solution of soda—1 pound to the gallon of water. Solution should be hot.

Ink.—Soak the spot in strong salt water and rinse in strong solution of ammonia. Repeat if necessary.

Mud.—Soak in kerosene and rinse in hot water.

Nicotine.—Hot water and soap.

Oil and Grease Stains.—Place clean cloth or blotting paper beneath spot, rub with gasoline or benzine. Cover with Fuller's earth or powdered chalk and leave in sun for a few hours.

Paint.—Mix half ammonia with half turpentine. Shake well and dab on stain. Scrape off and remove spot with benzine. If not thoroughly removed, proceed as for oil and grease stains.

Perspiration.—Wash out in clean cold water and dab on ammonia. Dry in shade.

Rust.—Lemon juice and salt. Leave in sun to dry. Repeat if necessary. Rust may also be removed with oxalic acid—this should be used carefully as oftimes it injures the fabric.

Scorch.—If not too severe, rinse in soapy water, dab on white vinegar and allow to dry in sun. Repeat if necessary.

Shoe Polish.—Use turpentine and remove with benzine or gasoline.

Tar.—Soften tar with glycerine. Scrape off well. Dab on benzine. Wash in soda water with ammonia. Another remedy is to soak in warm milk and salt.

Maccabees on Caravan Tour to Visit Nation's Shrines

DETROIT, MICH.—Washington in June, the nation's capital at its best, is the lodestone which will draw tens of thousands of Maccabees by automobile caravans to attend the quadrennial convention in 1925. No city in America numbers so many points of interest and within short motor trips are scores of other sites worth crossing the continent to see.

"Education in true Americanism is one of the foremost movements of the Maccabees," said A. W. Frye, supreme commander, who originated the idea of assembling the order by means of motor caravans from all parts of the United States and Canada. "The inspiration to every American in this city of magnificent distances is profound. It was in keeping with the high patriotic motives of our society that Washington was selected for the quadrennial conclave.

"We feel certain that every Maccabee who attends the convention and really sees Washington will return to his home a better and more loyal citizen. I trust not one will omit a pilgrimage to the majestic home of 'the Father of His Country.' Mount Vernon, on the broad reaches of the Potomac, with its tomb of Washington and myriad memories of the first president, is a veritable shrine of patriotism.

"Newer but not less thrilling is the stately marble pile dedicated to the memory of Abraham Lincoln and known as the Lincoln Memorial. This magnificent tribute of the American people to the Great Emancipator faces the tall needle of the Washington Monument across a broad lagoon. Its huge columns of snowy marble reveal a heroic statue, said to be the most remarkable likeness ever done of the great war president. Thus do the spirits of America's two foremost characters watch over the waters of the Potomac."

Organization of caravans in all parts of the United States and Canada is now in progress among the 250,000 members of the Maccabees.

DR. W. B. BAGBY AT BAPTIST CHURCH THURSDAY NIGHT

Dr. W. B. Bagby, for thirty years the Baptist Missionary to Brazil, will be in Mexia tonight to conduct a service in connection with the Baptist $75,000,000 spring pay up drive. He will seek the fullest co-operation of members of the denomination of this community in attempting to make the meeting one of the most successful in the history of the church.

"GODDESS OF FLIGHT" FOR 'ROUND-THE-WORLD FLIERS.

Nominated by the Aviators' Club of Pennsylvania, Miss Edna French, New York City actress, has been chosen as the "Goddess of Flight" for the U. S. Army 'round-the-world fliers. She is shown here before a flight from Mineola, Long Island, when, following an ancient custom, she scattered flowers to the four winds as official mascot of the world fliers. One of the great Douglas world cruisers is shown here on its flight toward Seattle, Wash., just clearing the snow-clad peak of Mount Shasta, California. The four ships halted at Seattle to have pontoons attached for the flight around Alaska, across the Behring Sea and to Japan and China. On arrival at Seattle the fliers got mail from home. Superintendent of Mails George E. Williams is shown handing letters to Lieutenant Leigh Wade and Sergeant Ogden as they landed at Sand Point Field.

Wonderful Results

Mr. Philen writes that he had kidney trouble, purchased Hobo Kidney and Bladder Remedy from a drug store at Winfield, Louisiana and now writes to give testimony of the wonderful results he obtained by taking it.

He says he never had a recurring symptom since taking Hobo Kidney and Bladder Remedy.

Hobo is an herb balm made from an herb that grows in Louisiana and East Texas. It contains no alcohol, opiates, or habit forming drugs but the herbs from which it is made carry a purifying property that has been found of great remedial value.

For sale by all druggists at $1.20 a bottle. A six bottle treatment costs $6.00 and is guaranteed to give satisfaction or money refunded.

Dark Teeth Bleached in 3 Minutes

You have always longed for flashing white teeth. And now, at last you can have them—easily, quickly and safely. For scientists have discovered a remarkable new treatment which often in only three minutes bleaches dull dingy discolorations from the teeth, leaving them clear, sparkling white and lustrous. This new treatment, called Bleachodent Combination, consists of a mild safe liquid and a new kind of paste. The liquid curdles and softens the stains, while the paste removes them, and if used daily prevents the formation of future stains. You simply brush teeth with a few drops of the liquid—then use the paste. Almost before you realize it, unsightly surface stains disappear and the teeth take on a dazzling new whiteness and lustre. First application usually leaves teeth whiter than with ten times the scouring by old-fashioned methods. Bleachodent Combination is harmless—does not affect enamel as its mild ingredients are intended to act only on surface stains—not on enamel itself. Especially beneficial for children's teeth which stain easily. Get Bleachodent Combination today for a few cents. Be sure to ask for Bleachodent Combination. At all good dealers, such as: Anderson & Horn, Cox-Forrest Drug Co., Harman Bros., R. W. Hill Drug Co., Mexia Drug Co., W. B. Lanning.—(Adv.)

FRECKLES

NOW IS THE TIME TO GET RID OF THESE UGLY SPOTS

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—(Adv.)

THE OIL MAN

There is nothing monotonous about his life. He either wins or he loses. When he wins, he wins big.

But He Doesn't Always Win!

So it is good policy for him to have a comfortable-sized reserve fund salted away in some absolutely safe, cashable investment, to safeguard the wife and children when the well proves "dry", or when oil tumbles below $1 per.

That is why so many of them invest big amounts in building and loan associations.

Orange and Rhubarb Conserve

5 pounds rhubarb
6 cups sugar
1 cup seeded raisins
2 cups walnut meats
8 large or 12 small California oranges
2 lemons.

Wash rhubarb, cut in one-inch pieces, sprinkle with sugar. Wash oranges and lemons, wipe dry, and cut in thin slices. Be sure to use California navel or Valencia oranges, which have no seeds. Add raisins, lemon, orange and rest of sugar. Let stand till juice accumulates, then boil gently over slow fire, stirring frequently to prevent burning. Cook until thick rich conserve consistency. If fruit is very tart, more sugar may be needed. Just before taking from fire, stir in the nut meats. Four into sterilized glasses or jars.

Many fishes carry a band of eye spots down each side of their bodies.

This New Treatment Never Fails to End Piles

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained.

Cox-Forrest Drug Company dispense MOAVA SUPPOSITORIES in the original box or can get it for you on short notice.—(Adv.)

Into The Attic

Few youngsters today ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavedom. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it!

SPORT LIGHTS

By GRABS

The Gushers are back from Cleburne after having their plows cleaned by the Denver Bears in two games by the score of 12 to 9 and 12 to 6 but they think that they have learned something new about baseball, that is, those that had a little room for any more knowledge about the national pastime. Several of the boys came back with their uniforms torn and tattered by several of the Denver Bears claws and McDowell looks like he had had a fight with a whole passel of the grizzlies and apparently got the worst end of the fray.

Manager Fowlkes took the galavanting bunch out to Gusher Park and put 'em through a tough work-out and then when Coach Poteet brought his high school nine down he offered them a pitcher and catcher and they had a sweet little batting practice all of their own. They swatted the ball all over the lot and kept the Cat outfielders running around with their tongues hanging out to the ground.

Squib Geppert and Gus Leedy are getting right now and are picking up all kinds of hot ones around short and the keystone bag. Maurakami occupied the center garden but didn't get a chance to show whether he could get a fly ball or not.

Clarence Tiner and Claude Bryan are sufferers of injured members to their anotomy with Tiner suffering with sore right flinger while Bryan has a bum knee but they seem to be getting around better and hope to be in good shape soon.

The fans will have a chance to see them in action Thursday and Friday afternoons at Nowlin Park against Jack Lelivelt's Tulsa Oilers at 3:30 Manager Fowlkes has not decided on who he will use during the series but they will give the Oilers a go for their money.

The many friends of Mrs. W. R. Storey will be glad to know that she is now able to sit up a little, and was able to take a short drive a few days ago.

When an Eskimo dies, he is wrapped in his best furs, laid upon the tundra, and a cairn of stone built over.

SERMONS BY VISITORS WINS MANY CONVERTS

Twenty-six persons were converted at a night service at the First Baptist church, Havana, Cuba, recently upon the occasion of a visit of a number of the state secretaries from the South. A large congregation was present and two of the secretaries preached through Rev. M. N. McCall, superintendent of the Home Board's work in Cuba, as interpreter.

Finance Expert But Lives In A Poor House

EL PASO, Texas, April 3.—A student of finance, studying for years in the best universities of Germany—

Now—in a poor house almost eighty years old.

Karl Engelsfrewned, born in Switzerland, went to Germany for schooling For years he studied finance in the best universities.

When he came to New York from Europe; from there he went to Mexico. He came here 43 years ago.

Odd jobs were all he could find, despite his knowledge of finance "under experts" as he still proudly says. Part of the time he could not make a living at all. Once a kind German woman took care of him for a while.

He drove transfer wagons and sometimes worked in a laundry. He never married.

Now he sits in the county farm among men who cannot talk to him for he is almost deaf and who can understand little of his broken English. He sees only light and dark—one eye is completely blind. He wonders why the finance experts forgot to tell him how to make money.

Letters from People

PRAISE DUE POSTMASTER

Mexia, Texas, April 2, 1924.

Editor Mexia News:

Being an ardent believer in the "free and untrammeled democracy" of the democratic party, I am also inclined toward the almost self evident proposition that "if you can't find a democrat to fill an office you ought to abolish the office."

And, yet, I frequently meet a good, old fashioned, courteous and accommodating republican officeholder who upsets that self evident proposition. We have one of those kind here in Mexia. His name is Postmaster Newman. I seldom go into the postoffice without finding proof of his courtesy.

When somebody has lost a bunch of keys or something more valuable, or someone whose address is unknown is being sought through the postmaster, we find a notice of it on the black board in the postoffice lobby. Perhaps a death message has come to some one in the oil field who cannot be located by the telegraph or telephone companies; and immediately we find a notice on the black board telling the party to call at the telegraph or telephone office, or at the post office and get the message.

A few weeks ago I had a letter from an elderly lady whom I knew when I was a boy back in the old home town. Her son was a school mate of mine. The gray haired mother was heart broken because she had not heard from her boy for over a year—not since the oil excitement at Kosse in the fall of 1922. She had tried in many ways to locate him but had failed, and at last wrote me to ask if I would not help her find him or find out whether he was living or dead. She feared he had happened to a serious accident or perhaps had even lost his life.

Knowing that Mr. Newman is always going out of his way to accommodate somebody, I sent him the letter I had received from the young man's mother, and asked him if he would not endeavor to reach the young man through the long arm of the postoffice department.

Although it was outside the line of his official duties, Mr. Newman immediately took the matter up through proper channels with the postmaster in every oil field in the southwest. In less than two weeks the young man, in an oil field quite a long distance from any railroad or postoffice, heard that his mother was worried about him and was seeking him through the post office department, and he immediately got in touch with her by phone and by letter. And now the mother—her heart relieved of a heavy burden—writes me a very tender letter in which she gives high praise to Uncle Sam's great postoffice system and especially to Postmaster Newman. I pass the praise on, first, because they are entitled to it; second, because it is gratifying to the public to know that the greatest business organization in the world has not lost the human touch.

Someone has said "a little touch of kindness makes the whole world kin." And when a great business organization like the United States Postal Department will step aside from its routine existence to do some one a kindness, to dry the tears of a grief stricken mother and to ease her aching heart, then we know our country is safe and its destiny is secure.

BEN B. HUNT.

HETIC MOMENTS

By GRABS

Coach Ernest H. Poteet's Black Cats won their third game of the season from the Thornton nine at Nowlin Park Monday afternoon by a score of 15 to 10. It was only after several of the first strong men had been pulled and subs had been sent in did the Cats show anything like their old stuff.

Captain Kendrick on third made three errors in the first two innings and he was benched in favor of Wallace, a diminutive youngster who played the hot corner well and slapped the ball all over the park.

All of the outfielders had to be brought in and other subs sent in. Mills replaced Lucas in left and he was later pulled in favor of Aulds. Perkinson was relieved by Ward and Robinson gave way to Maxwell.

The Cats will journey to Dawson Thursday afternoon to play the Navarro county boys. If they display the brand of baseball there that they have been playing for the last few days they will more than likely come home with the small end of the score. But here's hoping that they get back to their stride and win the game.

Clarence Tiner, Claude Bryan, Pike Scheiffer, Harry Maurakami and Carl Hill were left in town while the boys went to Cleburne and they must have had a good time with the whole Hurdleston Hotel to themsleves. Saturday night Tiner came in to find that a caterpillar tractor, or something bigger than that, had gone through his room and left it looking like a Kansas cyclone had paid him a visit and left that as a calling card. He got rather "het" up over it and he says that he believes that revenge will be his before long.

Tiner and Pike Scheiffer told me that they went to the country Sunday afternoon. I guess that they were out trying to catch some frying size chicken or rabbits. I thought that it was a wonder that they didn't try to find some watermelons but on asking Tiner he said that he had been raised on the farm and was one of the few men in the world that understood hen talk. He and Pike tried to catch an old hen to bring back for Maurakami but they did not have any luck.

A corps of umpires work the practice game with the Cats including Tiner, Ludwick, Sanders and Bryan. Bryan has a voice like Jack O'Hearne who rendered decisions in this loop for a time last year and it may turn out that he will make as good an ump as a center gardener.

Carl Hill is not very limber yet and that kills predictions that he would be in good shape as he has been racing the pack rabbits around Coolidge with a gray hound an he should have had plenty of exercise. But he will get all right in a short time.

The public recognizes the wholly unusual value offered in this six—a value well typified in the coupe.

Here first of all is a Fisher body—which speaks volumes for its quality. We could lay bare the frame of the coupe and show you the splendid workmanship of Fisher craftsmen. We could become very technical in explaining the scientfiic construction of all the parts, but all this quality can be taken for granted when we say—Body by Fisher.

As for performance—we want you to drive this car. Then you will appreciate the value of this joint product of Oldsmobile and General Motors.

McAdoo And Davis Locking Horns In Latter's State

HUTCHISON, Kns., April 2.—Supporters of William G. McAdoo and Governor Jonathen M. Davis battled here today at the Democratic State convention for control of the Kansas delegation to the national convention.

Despite an agreement entered into two weeks ago by leaders of the Davis for President move with McAdoo supporters that the convention would give unqualified endorsement to the Kansas Governor for the Democratic nomination, a resolution approving the McAdoo candidacy will be pushed by his followers.

The Governor would not consent to a resolution endorsing him and McAdoo jointly.

Wednesday A Feast Of Good Things For Women of Third Texas District Which Concludes Annual Meet Today

Wednesday fas averitable feast of good things, continuing today, when the program of the Federated clubs of the third district of Texas was carried out.

Mrs. D. F. McCollum of Commerce gave a lovely solo, accompanied on the piano by Miss Virgean Estes of the same city.

Miss Kate Friend of Waco gave an appreciated address on Literary programs for Federated clubs. She laid emphasis especially on the culture obtained from association with good literature and concluded by saying that "if we would reap the highest benefits in literature, we must laugh with the laughters, love with the lovers, dream with the dreamers and do with the doers."

After each group of reports from the various clubs, Mrs. Maggie Barry led a round table discussion and brought out concrete facts and definite points of helpfulness for all club members from these reports.

Mrs. Henry Redmond of Corpus Christi, the State President of the Federation, conducted a club Institute or school of methods for the needs of the club women. She also stressed unity of action, concluding by saying: "We have high standards. Let us hold up these high ideals."

An address was given by Mrs. W. A. Adams of San Antonio, who is state chairman of the Americanization T. F. W. C., giving valuable statistics on the foreign born in Texas. (Her address will be given in an early issue of The Mexia Daily News.)

Mrs. A. R. Rucks of Angleton, who is President of the Fourth Texas District, was an interested visitor at the sessions Wednesday.

Following the sessions during the day time at the High School, with lunch at noon in the cafeteria, the delegates and visitors were carried through the oil fields and to the Reunion Grounds where the Chamber of Commerce tendered a dinner Wednesday evening.

At eight o'clock the delegation returned to town and assembled at the First Baptist church where a delightful program opened at 8:30 o'clock.

In opening the meeting, Mrs. E. E. Maloney, President, Wednesday night spoke with pleasure of the reception and hospitality that had been extended by the citizens and especially thanked the Chamber of Commrece for the dinner at the Reunion Grounds.

The invocation was delivered by Rev. W. B. Andrews, Pastor of the First Methodist church. Seated on the beautifully decorated rostrum of the handsome church were those who participated in the musical features of the program. The decorations converted the choir loft and rostrum into a veritable woodland of rustic beauty and flower garden of imposing lovliness. Grass fresh from Nature's Spring offering carpeted the floor, leading up to the foliage covered choir rail and to the piano and table. The decoration committees who have worked at the various places where the club women have held forth all gave unsparingly of their time and much praise has been accorded them for the ingenuity and skill with which the artistic ideals of womanhood have found expression in the labor of love which has been theirs to perform.

Mrs. Maloney gave a brief introductory address prior to the musical numbers opening the Wednesday evening program, which were as follows:

Piano: (a) To the Rising Sun, Op. 4, No. 1 (b) Isle of Dreams, Op 10, No. 2 (Trygve Torjussen) (c) Juba Dance, from the suite "In the Bottoms" (R. Nathaniel Dett)—Mrs. Isidor Levy, Terrell.

Soprano (a) Kiss Waltz (Arditi) (b) Little Conn's Prayer (Barbara Holt)—Miss Lucile Lechner, Terrell; Mrs. Isidor Levy, accompanist.

Organ Solo (selected)—Mrs. Ira Needham, Mexia.

Violin: Selection from Texas Composers—Miss Catherine Ruth Brown, Groesbeck. Mrs. W. W. Brown, accompanist.

Chorus— Medley of Old Airs—Mrs. C. O. Denning, Director; Mrs. Ira Needham, accompanist.

Speakers for the occasion were Major Charles H. Mills of Corsicana and John A. Lomax, Secretary of the Ex-Students Association of the University of Texas. Major Mills, introduced as the son of R. Q. Mills, an illustrious Texan who had helped lay the foundation of this commonwealth, delivered an inspiring address on Texas History. Mr. Lomax presented an address on Cowboy Songs. Both of these were immensely enjoyed by the gathering. The convention will adjourn Thursday afternoon.

Interurban From San Antonio To State Capital

SAN ANTONIO, Texas, April 3.—An interurban linking San Antonio and Austin has been assured. Incorporation papers have been secured at Austin.

The properties of the Seguin and Guadalupe Valley Railway Company, which include much graded right-of-way never completed because of the war, has been taken over. Thirteen dam sites along the Guadalupe river have been purchased, and the use of water power is planned.

The first unit will be from San Antonio to Seguin and work will begin in a few weeks. When the line is completed, 500,000 people will be served and a new territory given quick transportation service.

Lockhart, Seguin, San Marcos, New Braunfels, Gonzales, Cuero, and Yoakum will be on the line.

EMPORIA, Kas.—Secretary of the Treasury Mellon will be the next cabinet officer to "walk the plank" according to William Allen White, Emporia editor. "If he stays aboard, he will sink the ship," White said, "and the ship does not deserve sinking for Mr. Mellon. The roar that forced out Daugherty and Denby will be a whisper when compared with what Mellon will get when the country knows hat he has done.

Simple Home Treatment For Swollen Veins

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that any one in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed. —(Adv).

TWO MEET DEATH IN SANITARIUM FIRE

Many Fires Take Toll of Life and Property

QUARTER MILLION DOLLAR BLAZE IN KANSAS FACTORY

LEAVENWORTH, Kas., April 3.—Fire starting shortly after midnight destroyed the plant of the Great Western Manufacturing Company here with an estimated loss of $250,000. The flames for a time threatened to get beyond control of local fire fighters and calls were sent to surrounding cities for aid. About 250 men were employed by the company. The building occupied a full block and was two stories high.

LARGEST MILLS IN THE WORLD ARE TODAY IN ASHES

LAKE CHARLES, La., April 3.—LakeCharles Mills, the largest in the world, destroyed by fire today, with a loss of $2,000,000.

Cleveland Has Heavy Hitters In Big League

By HENRY L. FARRELL
(United Press Staff Correspondent)

NEW YORK, April 3.—With seven players in the line-up day after day who are capable of 300 hitting or better the Cleveland Indians are assured of some batting through the 1924 season if they do nothing else.

As the pitching problem concerns so many of the other pennant contenders in both major leagues, it will be a vital factor with the Indians.

With such a powerful punch, the Indians might win the pennant under ordinary conditions with the pitchers they had last season but the power of the New York Yankees on the defense makes it imperative their opposition have something more than a sock.

George Burns is back in the line-up at first base and the Cleveland infield is not only strengthened on the defense but the punch of the team is greatly increased.

Lutzke at third base was a fine player last season. Joe Sewell at shortstop is one of the best in the game. Stephenson will play second base regularly and ought to make good. He is a splendid hitter.

There are no better outfielders in the league than Jamieson, Speaker and Summa and there are capable seserves

Steve O'Neil, one of the best catchers in the league, has gone to Boston. Some critics think that O'Neil will be missed badly, particularly by the young pitchers, but others think that Walters will be improved by the change from a second division club to a pennant contender.

Myatt and Sewell, Speaker has announced, will work regularly with Walters back of the plate.

The pitching staff consists of Uhle, Coveleskie, Morton, Shaute, Edwards and Smith.

Uhle is one of the greatest pitchers in the game and the best batting pitcher in baseball. Speaker will have a nine-man team every time he pitches and he is a bear for work. Uhle ought to be the best pitcher in the league this year.

The Indians look sure to be at least a second place club and if anything should happen to the Yankees they might win the pennant.

MORE PAPERS WANTED

WASHINGTON, April 3.—Senator Wheeler of the Daugherty investigation committee ordered a subponae issued for certain papers alleged to have been seized by Secretary of War Weeks when no testimony was given involving the War Department in war fraud case. The subpoenea also called for Week's personal appearance.

RESCUERS ARE DIGGING FOR ADDITIONAL VICTIMS

LENOIR, N. C., April 3.—Two bodies were taken from the ruins of Broad Oaks sanitarium at Morgantown near here following a fire today. The blaze destroyed the north wing where forty patients were sleeping. Fireman are digging in the debris for additional bodies.

End of Probe Now Sighted

By PAUL R. MALLON
(United Press Staff Correspondent)

WASHINGTON, April 3.—With the end of their inquiry in sight Senate oil investigators today prepared to translate the results of the scandal probe into definite results immediately.

The Federal grand jury which meets here April 10, will be entrusted with criminal proceedings against at least five men whose names have figured in the oil inquiry. At the same time the committee will take steps to make apparent to the country the concrete results of its months of work. These are:

1. Prepartion of a report which will sweepingly condemn policies followed with respect to the leasing of naval oil reserves.

2. Presentation of amendments to the leasing law and probably some original legislation to prevent future disposition of any part of the public resources, without a check by Congress.

Senator Walsh, Montana, leading spirit in the investigation, is now at work on the proposed legislation. It will be impossible to get action on this at the present session of Congress but Walsh and his colleagues want to have it introduced as soon as practicable as notice to the country that the committee intends to heed the lessons learned in the inquiry.

The report which will cover millions of words of testimony will apply in the main to the period since Walsh went to Palm Beach in January to question E. B. McLean and is expected to be one of the most scathing documents ever presented to the Senate. It will condemn the turning over of the naval oil lands from the navy to the interior department and the manner in which Teapot Dome and Elk Hills were leased to Sinclair and Doheny.

Walsh and the committee are cleaning up the loose ends of the inquiry by seeking further evidence concerning the reputed "bartering" at the 1920 Republican national convention, Government counsel are in constant touch with the probers going over evidence for presentation to the grand jury.

At least five persons will be named in indictments to be sought on charges of conspiracy to defraud the Government, it was indicated.

Mr. and Mrs. Theo. Klug, Sr. have as their guests, Theo. Klug, Jr. and his wife from Long Beach, Cal., and Mrs. Ollie Bozell, from Kansas City, who has been spending the winter months in the South, in Florida and also at New Orleans. Mrs. Bozell comes here from San Antonio and says that she is pleased with our Texas weather. Mrs. Bozell's son, Harold Bozell, is editor of The Electrical World.

B. E. Satterfield was here Wednesday from Austin.

C. E. Durham, of Austin, of the State Health Department, was in Mexia Wednesday.

Mr. and Mrs. H. B. Herbert, of Corsicana, were visitors to Mexia Wednesday.

John A. Lomax, of Austin, was a visitor to Mexia Wednesday.

Bath tubs are provided in most public schools of Sweden.

MEN AND WOMEN WHO ARE IN DAY'S SPOTLIGHT.

Above: MISS RUTH B. ESPARZA, J. H. THOMAS & ADMIRAL HILARY P. JONES.
Below: GEORGE OTIS SMITH, MRS BEULAH CROKER & WILLIAM M. HUGHES.

Dr. George Otis Smith, director of the Geological Survey, and Rear Admiral Hilary P. Jones, U. S. N., are two of three members selected by President Coolidge to make a survey of oil-land conditions, to determine how the petroleum deposits of the United States and Alaska can best be conserved. Because of threats against his life, alleged to have been made by radical elements who dislike his conservatism, an armed guard has been assigned to protect J. H. Thomas, Laborite Secretary for the Colonies in the British Labor Cabinet. William Morris Hughes, former Labor Premier of Australia, in America on a visit, jeered the Labor Ministry in Great Britain because it contained three Lords and was adding others. A temporary advantage, which may result in great financial gain to her, was won in New York City by Mrs. Beulah Edmonston Croker, Indian widow of Richard Croker, former head of Tammany Hall, who died on his Irish estates, in her fight against claims of Croker's sons and daughters by his first wife. Ruth B. Esparza, a girl of humble parentage from Guanajuata, Mexico, has enrolled at the Illinois College, Jacksonville, Ill., to fit herself for teaching the illiterate children of her native country

DR. J. O. HOLTON PRAIRIE HILL SHOT AND KILLED

PRAIRIE HILL, Texas, April 2.—Dr. J. O. Holton, 46, was shot dead on the street here today. Eight shots from an automatic pistol were fired into his body. No words were exchanged between him and his slayer prior to the shooting, it is said, and he was unarmed. Sheriff Whit Popejoy of Groesbeck and County Attorney Scott Reed came here this afternoon and questioned a prominent landowner who is said to have had a personal encounter with Dr. Holton some months ago, following the latter's testimony in a trial. Dr. Holton had lived in Prairie Hill about 20 years. He is survived by his wife and several children.

GROESBECK, Texas, April 3.—Jerome Person was released under $5000 bond today pending action of the grand jury in connection with the shooting to death of Dr. Otis Holton at Prairie Hill.

Dr. Holton, 46, is survivied by his wife, two sons and one daughter. His sons are Jack, about 16 and J. O., Jr., about 3, his daughter, Ruth, 6.

Interment will take place at 3:00 o'clock at the Prairie Hill cemetery. Quite a number of other relatives and friends from Mexia and from other sections of the county are in attendance.

IMPROVEMENTS MADE AT WESTMINSTER.

Some improvements in the way of refurnishing and repainting the class rooms at the college at Tehuacana are now being made. Preparations are being made to take care of a large student body during the Summer Normal which opens there shortly after the close of school in June. The faculty has already been selected and bulletins have been sent out advertising the session.

DR. W. B. BAGBY AT BAPTIST CHURCH THURSDAY NIGHT

Dr. W. B. Bagby, for thirty years the Baptist Missionary to Brazil, will be in Mexia tonight to conduct a service in connection with the Baptist $75,000,000 spring pay up drive. He will seek the fullest co-operation of members of the denomination of this community in attempting to make the meeting one of the most successful in the history of the church.

Naval Officer's Wife Turns Over Fund He Secured

....SAN DIEGO, Cal., April 3.—Mrs. Erskine Brown, wife of Lieutenant Brown, naval supply officer, alleges that he deserted the ship after taking $120,000 of government money, today turned over $75,000 to local naval authorities. She brought the money here from Los Angeles in a grip. She said she took it from her husband while the latter was unaware.

DALLAS, Texas.—S. E. Moss reported to local police that for the third time thieves have stolen his diamond stud, which he values at $2,500. According to Moss, the huge gem was lifted from his shirt front while he slept. Considerable cash in his trousers pocket was left, he said.

ABILENE, Texas.—Mrs. T. M. Hicks, 35, is being held here in connection with the shooting to death of Roy Parker, 26. Authorities said the shooting resulted from an argument over a gas bill.

ROTARY ENJOYS FINE PROGRAM THURSDAY NOON

Under the able leadership of Pat Patterson the Rotary club had a great meeting at the luncheon today.

There were a number of visitors present, out of town visitors being Mrs. Robert L. Browning of Terrell, Chairman of the Bureau of Information and Parliamentarian of the Federated Clubs. Mrs. J. E. King of San Antonio, who is chairman of the Texas State Prison supervisors, Miss Lucile Lechner of Terrell who was introduced as the Song Bird of Terrell and the sweetheart of Rotary. Visitors of Mexia were Miss Beth Ellington, Mrs. Pat Patterson, Mrs. Ben Stollenwerck, Mrs. E. L. Smith, Mrs. Ira Needham, and Mrs. Joe Jeffers. Men visiting were E. L. Smith, L. T. Samford of Mexia, and Mr. J. E. Winnans of Fort Worth, and Mr. S. W. Mabry of Dallas.

Miss Lucile Lechner of Terrell was on the program and sang two numbers which were very much appreciated by the Club. She was accompanied by Mrs. Ira Needham of Mexia.

Mrs. Robert L. Browning of Terrell spoke for ten minutes on the service rendered by the Federated clubs, what they were doing and how they planned their work. Mrs. Browning paid high tribute to the men for their help to the ladies.

Mrs. J. E. King of San Antonio spoke on the state prison system and its workings, giving some most valuable information to the club about the supervisory boards work in the prisons, what they had done and what they hope to do, they have worked against great odds, but have done a noble work. Her speech followed one on the same subject given at the regular session on Wednesday morning at the high school which will be given in an early issue of The Mexia Daily News.

WASHINGTON.—It would be "economic suicide" to levy a 40 per cent estate tax on large fortunes as proposed by the House, Secretary of the Treasury Mellon told the Senate Finance committee. The estate tax is a levy on capital and when carried to an excess differs in no way from the revolutionary practices of Russia, Mellon told the committee.

Harding Blamed For Mistakes By G. O. P. Speaker

PORTLAND, Maine, April 3.—Laying republican mistakes to the late President Harding, and absolving President Coolidge of all blame, Senator George Wharton Pepper of Pennsylvania, in a keynote speech in behalf of Coolidge's administration, told the republican state convention today that the appointment of Colonel Charles Forbes as head of the Veterans Bureau and Albert Fall as Secretary of the Interior "were terrible mistakes" and that Harry Daugherty's selection as Attorney General was a "grave error in his judgment." Pepper said democrats, endeavoring to discredit the republican party have discredited both parties "to such an extent that an irresponsible and highly dangerous third party is actually suggesting itself to some extermists as a practical possibility."

Work Progressing On Biology Bldg.

AUSTIN, Texas, April 3.—Steady progress is being made on the construction of the $400,000 biology building on the campus of the University of Texas, according to G. A. Endress, superintendent of construction. The outside walls of the first floor have been completed, and the concrete has been laid. Construction of the basement up to the first floor is practically complete. The furniture for the building will be purchased on competitive bids.

Dedication services will be held formally in the spring of 1925, it was recently announced, when an appropriation for that purpose was made by the Board of Regents. No ceremony was held when the cornerstone was laid, but a copper box was placed in the cornerstone, containing valuable records of the University. The contents included a catalogue for the session of 1922-23; a source book on the history of the University by Dean H. Y. Benedict, a copy of the Daily Texan; a copy of an article on the history of biology in the University, by Dr. J. T. Patterson, professor of zoology; reprints of articles and the signatures of members of the faculties of the departments of zoology and botany.

DALLAS, Texas.—William G. McAdoo, democratic presidential candidate, will stump Texas in behalf of his political aspirations April 9-12. McAdoo's Texas manager, Cato Sells, announces the following speaging schedules for the late Woodrow Wilson's son-in-law: Amarillo, April 9, 6 p. m., Fort Worth, April 11, 2 p. m.; Houston, April 12, 9:30 p. m.; San Antonio, April 12, 7:30 p. m. McAdoo will come to Texas direct from his home in California, returning to Los Angeles after his speech at San Antonio, April 12.

OKLAHOMA OIL MAN CALLED BY SENATE PROBERS

WASHINGTON, April 3.—Robert J. Wolfe, publisher of Columbus, Ohio, and J. B. French, Oklahoma oil man, were subpoenaed today by the Senate oil committee in connection with reported political deals at the 1920 republican convention in Chicago. Wolfe was a member of the Ohio Wood delegation to the convention. French was a political associate of the late Jake Hamon.

Because he refused to obey orders and keep away from the Brookhart committee and the capitol, Thomas L. Lane, legal advisor to the chief of the army service was dismissed by Capt. Volandt, chief audit of section air service, Lane told the Daugherty investigating committee. Subsequently Lane testified that the files of private investigations he made of the Standard Aircraft corporation were removed from his desk by Voldant. The committee summned Voldant by telephone to appear immediately. Also informed Secretary of War Weeks of Voldandt's reported action.

Canned Heat Is Taking Its Toll In Toledo Ohio

TOLEDO, Ohio, April 3.—The death toll in Toledo's "canned heat" poison alcohol orgies rose to eighteen today as police bent every effort to round up durggists believed to be selling the new form of death dealing booze.

Three more men died during the night from effects of the poison.

DALLAS, April 3.—The anti-klan ticket, headed by Clinton P. Russell, was officially declared winner today of Dallas' school board election. Russell defeated John L. DeGrazier, klan candidate for president of the board of education, by 28 votes. Mayor Blaylock ordered the ballots guarded today pending probability of a recount, so close was the result. Klan leaders, it was expected, might contest the results, and demand a recount.

HOW TO CHOOSE A SCHOOL BOARD.

Mrs. Henry Redmond, State President of the Texas Federation of Women's clubs who is now in Mexia attending the Third District Convention, has rendered education in this state a vast service by virtue of her great interest in this work and because of the added interest of 50,000 other women which she has done much to arouse.

Sometime ago, Mrs. Redmond issued a leaflet giving practical suggestions for Club Women in Texas in general use by the applied education department, the subject discussed "How to Choose a School Board." One of Mexia's splendid ladies has called attention to her statement as timely at present on account of the school board election next Saturday in this city. It is as follows:

How to Choose a School Board

1. A member of a school board should be representative of the community.

(This is a study in itself—How can we best represent our community?)

2. A member of a school board is chosen to serve, not to boss.

(The understanding of the difference between "serving" and "bossing" creates another study for us.)

3. He should be a gentleman in all his conduct.

(Not alone is he responsible to his fellow-members on the Board and the teachers of the school, but every child of the school expects him to be a gentleman.)

4. He should know that his work is legislative, not administrative.

(Study to know the difference. How are our schools, from the University to the County, administered?)

5. He should be chosen from the best talent available.

(This invites a study of the qualifications of a member of a school-board, and how to classify those available.)

6. He should be chosen as to merit.

(Ask your candidates: "Why do you wish to be on the School Board?" Hear their replies; and you will have some subjects for Roll Call in the Club Year Books.)

7. He should have backbone as well as brains.

(This is suggestive of the fact that a member of the school board must be able to stand alone, in his judgment.

8. He should be able to understand questions of finance.

(Here is a field of work for every club member. Surely, that is not the reason why some communities have no women on their school boards.)

9. He is responsible to the people.

(He should never forget this. Do the people always remember that this is a fact?)

10. He should keep within the limit of the desire of the people of the community who chose him.

(A thorough study of what constitutes the desire of a community, in reference to its school-board, might be made a profitable club paper.)

The principal qaulifications of a member of a school board: 1. Honesty; 2. Competence.

WELCOME WOMEN

In welcoming the delegates to the Texas Federation of Women's Clubs, Mayor Ernest Watson, Tuesday night at the Methodist church, spoke as follows:

The story was told of an old negro preacher who had never been ordained, but was content to remain an exhorter, some of his congregation decided to ask him about it; he said it was like this: A preacher had to take a text and then he had to stick mighty close to it, but an exhorter could branch and now I am going to ask you to pardon me if I branch a little.

It affords me a very great pleasure to come here and look into the faces of this wonderful gathering of these good women who are doing their part in life to make their home cities a better place to live. As mayor of this city I bid you welcome with all my heart and we are going to do our level best to make your stay here enjoyable. We deem it quite an honor to have you as our guests.

I read an advertisement a few days ago that made quite an impression on my mind and I think it well worth remembering. With your permission I would like to repeat it. It ran like this:

The mere fact courtesy is the cheapest commodity is one of many reasons why it should be used liberally on all occasions. Courtesy is the biggest word in the universal language. It opens the door of the heart, builds good will and makes good friends. After all, the greatest asset we can have is the well wishes of our good friends.

Some people measure success merely by dollars, by so doing they loose sight of the positive law of life which is: he takes out in proportion to that which he puts in.

I heard some good stories a few days ago and I like to pass them along It was my pleasure to attend a dinner given by the Dallas Rotary Club in honor of Mr. Guy Dundaker who is president of Rotary International. There were about 500 present. We enjoyed some splendid music and some very fine talks but the one that pleased me most of all was the talk made by an old gentleman from Philadelphia said to have been 74 years of age. His talk was along the lines of Rotary but interspersed with good stories. One, he told about the child asking it's mother where the light went when it went out and mother said, "Why ask me such a silly question, you might as well ask me where your father goes when he goes out."

Then another one about the child that grew restless through the night and could not sleep and asked it's mother to tell a story. About that time the clock struck 12 and mother said, "Just wait a few minutes and your father will be in and tell us both one."

Did you ever notice in an audience of this kind how easy it was to pick out the young ladies from the married ladies. The young ladies sit erect and very dignified, the married ladies sit all bent over, same as to say, I do not care how soon the day ends. Now dont take this too seriously as we must have a little fun as we go along.

Now with this thought and I will close.

You have it in your power to make us very happy or very sad. If during your stay here you have had a good time and on your return home you can speak a good word for our little city, you will make us very happy, on the contrary very sad.

TRAINING CAMP NOTES

COLUMBUS, Ga.—Three homers by Fred Merkle in successive times at bat gave the Rochester Internationals a 15 to 14 victory over the New York Yankees.

AUGUSTA, Ga. — Archdeacon's muff of Kelly's long fly and Bill Terry's sacrifice fly gave the Giants the run in the ninth inning that beat the White Sox, 5 to 4.

ST. PETERSBURG, Fla.—Stuffy McInnis singled in the fifth inning, and drove in the run that gave the Braves a 4 to 3 victory over the Robins.

MOBILE, Ala.—The Cleveland Indians arrived here today following their eight inning 11 to 6 victory over the Atlanta Crackers yesterday. Atlanta had a 6 to 1 lead when Coveleskie came to the rescue with some neat pinch pitching and hitting.

GREENWOOD, S. C.—The Detroit Tigers rallying in the ninth scored four runs and nosed out the Toronto Internationals, 14 to 13.

ORLANDO, Fla.—Red veterans and colts staged their final battle of the year here today. Their series has been even up and club officials will buy the winning side new straw bonnets. Camp will be broken Friday for the trip North.

PHOENIX, Ariz.—The Chicago Cubs won the last of a three game series from the Pirates here yesterday, 8 to 3. Elmer Jacobs and Vic Keene were on the mound for the Cubs.

NEW ORLEANS.—Herb Pruett, southpaw, fanned eight men in four innings and the Browns beat the New Orleans Pelicans, 5 to 2 yesterday. The Pels got six hits off Shocker, in the first five innings. The Browns play at Shreveport today.

BRADENTOWN, Fla—With Johnny Lavan catching and Allan Sothoron making a one-inning debut on the mound, the Cardinals won a 5 to 4 victory over Milwaukee in a ninth inning rally yesterday at Palmetto. Rickey is having a hard time finding a catcher and decided to experiment with Lavan.

DALLAS.—Judge J. M. Nelson, Sulphur Springs, announced his candidacy here for attorney general.

Some Hints on Making Clothing Money Go Further

Do men take as good care of their clothes as women do of theirs? No, generally it is the women's job to take care of the men folks' wardrobes or else the clothes are often sadly neglected. And even more important than sewing on weak buttons or torn pockets is the education of the average man on the art of taking care of clothes so as to gain in appearance and save money.

Of course there are many things which mere man is generally not expected to do—but there are many others which the woman of the house should insist that he learn. There are little ways that man has which detract from his appearance and wear out clothes no matter how careful his wife may be.

Take an insignificant thing like tobacco crumbs in a coat pocket. They have been responsible for more "moth-holes" than the moths themselves. The tobacco ferments and eats through the cloth—and the moths are blamed. Any woman with a smoker in the house can save many dollars by teaching him to clean out his pockets.

Moths do not attack clean clothes—they breed only in darkness and dust. Before clothes are put away they should be thoroughly brushed and cleaned and the place where they are to go should be aired and scrubbed. It is better to wrap clothes in newspaper sprinkled with moth preventive than to hang them for a long period, like the summer.

If, when a man goes to buy a suit, he takes along his favorite chair and chooses the coat to fit the back of the chair, then it is alright for him to hang the coat on the back of the chair afterwards—otherwise it is not. Chair backs are usually not shaped like human backs and the common habit of hanging a coat on the back of a chair for the night results in unsightly shoulders, wrinkles and bulging sleeves. Use only a properly shaped hanger.

The most valuable secret of clothes economy is to give the clothes a rest every once in a while. Even steel, if it is constantly used, loses its resistance—gets what is called "metal fatigue." Wool fibres are easily pressed out of shape and worn out by continuous use, whereas they recover their strength if left to rest. It is therefore important that a man have at least two suits for regular wear.

Two suits worn alternately will outwear three suits worn continuously until they are worn out, one after the other. This does not mean a "Sunday suit"—the day of the "Sunday suit" is past. It means that a man saves many dollars in clothes by having at least two everyday suits.

And, of course, no woman needs to be told about the economy of quality. The good fabric, the careful cutting and sewing, the fine trimmings—all these are cheapest in the long run.

For the sake of sanitation, men's clothes should be cleaned regularly—for the sake of neatness they should be pressed regularly. Very often big cleaning bills can be saved by a little first-aid at home when clothes are stained. Here is what the home economics department of the House of Kuppenheimer, which makes millions of dollars worth of men's quality clothes every year, has found to be the best methods of taking out stains. Any woman with a little skill and care can save money by following these hints:

Candy or Sugar.—Apply clean cold water.

Chewing Gum.—Use carbona and elbow grease.

Coffee, Tea and Fruit.—Dip in hot solution of soda—1 pound to a gallon of water—then in hot soapy water. Should this not remove stain, dip in ammonia and soda and hang in sun.

Grass Stains.—Rub with ammonia, wash in solution of soda—1 pound to the gallon of water. Solution should be hot.

Ink.—Soak the spot in strong salt water and rinse in strong solution of ammonia. Repeat if necessary.

Mud.—Soak in kerosene and rinse in hot water.

Nicotine.—Hot water and soap.

Oil and Grease Stains.—Place clean cloth or blotting paper beneath spot, rub with gasoline or benzine. Cover with Fuller's earth or powdered chalk and leave in sun for a few hours.

Paint.—Mix half ammonia with half turpentine. Shake well and dab on stain. Scrape off and remove spot with benzine. If not thoroughly removed, proceed as for oil and grease stains.

Perspiration.—Wash out in clean cold water and dab on ammonia. Dry in shade.

Rust.—Lemon juice and salt. Leave in sun to dry. Repeat if necessary. Rust may also be removed with oxalic acid—this should be used carefully as oftimes it injures the fabric.

Scorch.—If not too severe, rinse in soapy water, dab on white vinegar and allow to dry in sun. Repeat if necessary.

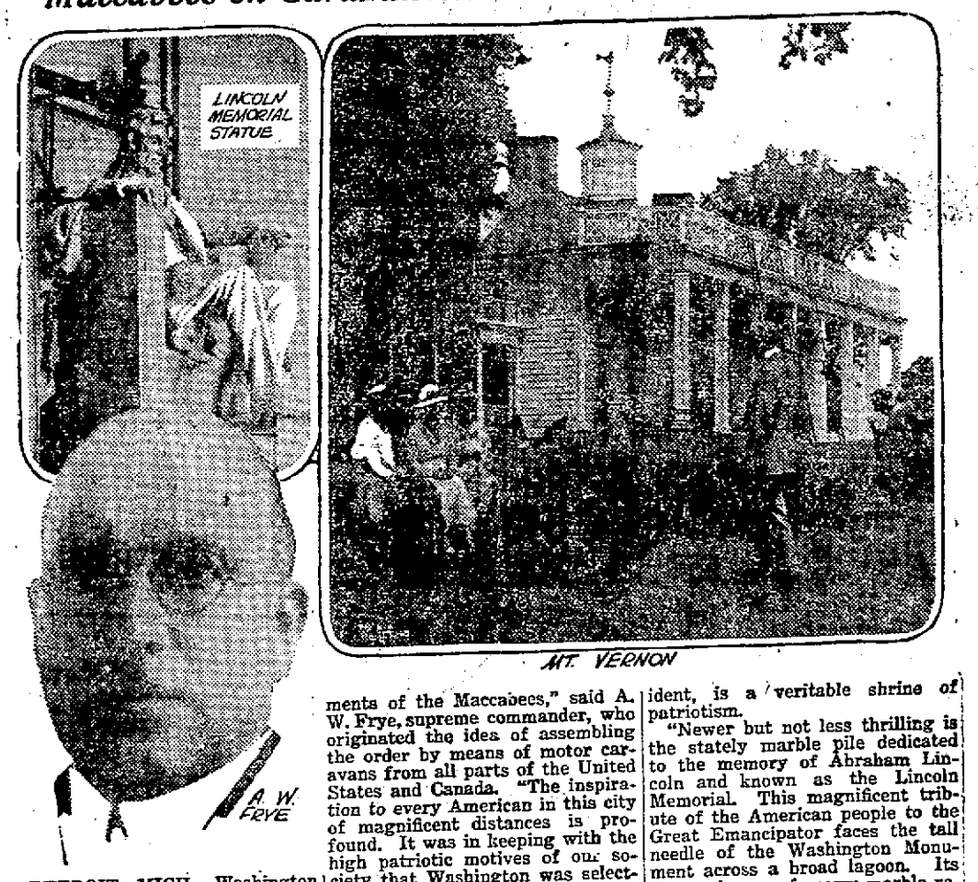
Shoe Polish.—Use turpentine and remove with benzine or gasoline.

Tar.—Soften tar with glycerine. Scrape off well. Dab on benzine. Wash in soda water with ammonia. Another remedy is to soak in warm milk and salt.

(Cut this out and keep for future reference)

DALLAS, Texas, April 3.—Two negroes leaped from the second story window to safety today when fire destroyed the Wright hotel, a negro rooming house. Damage was $15,000.

Maccabees on Caravan Tour to Visit Nation's Shrines



DETROIT, MICH.—Washington in June, the nation's capital at its best, is the lodestone which will draw tens of thousands of Maccabees by automobile caravans to attend the quadrennial convention in 1925. No city in America numbers so many points of interest and within short motor trips are scores of other sites worth crossing the continent to see.

"Education in true Americanism is one of the foremost movements of the Maccabees," said A. W. Frye, supreme commander, who originated the idea of assembling the order by means of motor caravans from all parts of the United States and Canada. "The inspiration to every American in this city of magnificent distances is profound. It was in keeping with the high patriotic motives of our society that Washington was selected for the quadrennial conclave.

"We feel certain that every Maccabee who attends the convention and really sees Washington will return to his home a better and more loyal citizen. I trust not one will omit a pilgrimage to the majestic home of 'the Father of His Country.' Mount Vernon, on the broad reaches of the Potomac, with its tomb of Washington and myriad memories of the first president, is a veritable shrine of patriotism.

"Newer but not less thrilling is the stately marble pile dedicated to the memory of Abraham Lincoln and known as the Lincoln Memorial. This magnificent tribute of the American people to the Great Emancipator faces the tall needle of the Washington Monument across a broad lagoon. Its huge columns of snowy marble reveal a heroic statue, said to be the most remarkable likeness ever done of the great war president. Thus do the spirits of America's two foremost characters watch over the waters of the Potomac."

"GODDESS OF FLIGHT" FOR 'ROUND-THE-WORLD FLIERS.

Nominated by the Aviators' Club of Pennsylvania, Miss Edna French, New York City actress, has been chosen as the "Goddess of Flight" for the U. S. Army 'round-the-world fliers. She is shown here before a flight from Mineola, Long Island, when, following an ancient custom, she scattered flowers to the four winds as official mascot of the world fliers. One of the great Douglas world cruisers is shown here on its flight toward Seattle, Wash., just clearing the snow-clad peak of Mount Shasta, California. The four ships halted at Seattle to have pontoons attached for the flight around Alaska, across the Behring Sea and to Japan and China. On arrival at Seattle the fliers got mail from home. Superintendent of Mails George E. Williams is shown handing letters to Lieutenant Leigh Wade and Sergeant Ogden as they landed at Sand Point Field

Wonderful Results

Mr. Philan writes that he had kidney trouble, purchased Hobo Kidney and Bladder Remedy from a drug store at Winfield, Louisiana and now writes to give testimony of the wonderful results he obtained by taking it.

He says he never had a recurring symptom since taking Hobo Kidney and Bladder Remedy.

Hobo is an herb balm made from an herb that grows in Louisiana and East Texas. It contains no alcohol, opiates, or habit forming drugs but the herbs from which it is made carry a purifying property that has been found of great remedial value.

For sale by all druggists at $1.20 a bottle. A six bottle treatment costs $6.00 and is guaranteed to give satisfaction or money refunded.
Hobo Medicine Co., Beaumont, Tex. —(Adv.)

Dark Teeth Bleached in 3 Minutes

You have always longed for flashing white teeth. And now, at last you can have them—easily, quickly and safely. For scientists have discovered a remarkable new treatment which often in only three minutes bleaches dull dingy discolorations from the teeth, leaving them clear, sparkling white and lustrous. This new treatment, called Bleachodent Combination, consists of a mild safe liquid and a new kind of paste. The liquid curdles and softens the stains, while the paste removes them, and if used daily prevents the formation of future stains. You simply brush teeth with a few drops of the liquid—then use the paste. Almost before you realize it, unsightly surface stains disappear and the teeth take on a dazzling new whiteness and lustre. First application usually leaves teeth whiter than with ten times the scouring by old-fashioned methods. Bleachodent Combination is harmless—does not affect enamel as its mild ingredients are intended to act only on surface stains—not on enamel itself. Especially beneficial for children's teeth which stain easily. Get Bleachodent Combination today for a few cents. Be sure to ask for Bleachodent Combination. At all good dealers, such as: Anderson & Horn, Cox-Forrest Drug Co., Harman Bros., R. W. Hill Drug Co., Mexia Drug Co., W. B. Lanning.—(Adv.)

FRECKLES

NOW IS THE TIME TO GET RID OF THESE UGLY SPOTS

There's no longer the slightest need of feeling ashamed of your freckles, as Othine—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of Othine—double strength—from any druggist and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful complexion.

Be sure to ask for the double strength Othine as this is sold under guarantee of money back if it fails to remove freckles.—(Adv.)

THE OIL MAN

There is nothing monotonous about his life. He either wins or he loses. When he wins, he wins big.

But He Doesn't Always Win!

So it is good policy for him to have a comfortable-sized reserve fund salted away in some absolutely safe, cashable investment, to safeguard the wife and children when the well proves "dry", or when oil tumbles below $1 per.

That is why so many of them invest big amounts in building and loan associations.

Orange and Rhubarb Conserve

5 pounds rhubarb
6 cups sugar
1 cup seeded raisins
2 cups walnut meats
8 large or 12 small California oranges
2 lemons.

Wash rhubarb, cut in one-inch pieces, sprinkle with sugar. Wash oranges and lemons, wipe dry, and cut in thin slices. Be sure to use California navel or Valencia oranges, which have no seeds. Add raisins, lemon, orange and rest of sugar. Let stand till juice accumulates, then boil gently over slow fire, stirring frequently to prevent burning. Cook until thick rich conserve consistency. If fruit is very tart, more sugar may be needed. Just before taking from fire, stir in the nut meats. Pour into sterilized glasses or jars.

Many fishes carry a band of eye spots down each side of their bodies.

This New Treatment Never Fails to End Piles

Many sufferers from Piles or Hemorrhoids have become despondent because they have been led to believe that their case was hopeless and that there was nothing in the world to help them.

To these people we say, "Go to your druggist and get an original box of MOAVA SUPPOSITORIES." One of these inserted into the rectum according to directions will be found to give immediate relief. They reach the source of the trouble and by their soothing, healing, antiseptic action first allay the pain and soreness and then by direct contact with the ulcers and piles cause them to heal up and disappear forever.

It's simply wonderful how speedily they act. Blessed relief often comes in two days. Even in cases that have steadily resisted all known treatments, marvelous results have been obtained.

Cox-Forrest Drug Company dispense MOAVA SUPPOSITORIES in the original box or can get it for you on short notice.—(Adv.)

Into The Attic

Few youngsters today ever saw a horse-hair sofa. They wouldn't know what to do with a fire taper, carpet stretcher, or coal oil lamp. They couldn't braid rags into a rug, or wind yarn without tangling. But they know the how and why of typewriters, phonographs, telephones, automobiles; what happens when a push of the button gives light, or a kodak's flash fixes their image on paper.

Their education is as modern as the advertisements they see. They have no more use for the lamp and chimney of yesterday than you for the wick and tallow of the day before.

Advertisements induce such progress. They urge wide use that means improvement. They help lift the out-of-date into the attic—rid you of the water buckets and soap kettles of slavedom. They bring late improvements within your reach.

Read the advertisements regularly. Keep alert to the new.

Without advertising, you would never know a product's worth until you had bought it!

SPORT LIGHTS

By GRABS

The Gushers are back from Cleburne after having their plows cleaned by the Denver Bears in two games by the score of 12 to 9 and 12 to 6 but they think that they have learned something new about baseball, that is, those that had a little room for any more knowledge about the national pastime. Several of the boys came back with their uniforms torn and tattered by several of the Denver Bears claws and McDowell looks like he had had a fight with a whole passel of the grizzlies and apparently got the worst end of the fray.

Manager Fowlkes took the galavanting bunch out to Gusher Park and put 'em through a tough work-out and then when Coach Poteet brought his high school nine down he offered them a pitcher and catcher and they had a sweet little batting practice all of their own. They swatted the ball all over the lot and kept the Cat outfielders running around with their tongues hanging out to the ground.

Squib Geppert and Gus Leedy are getting right now and are picking up all kinds of hot ones around short and the keystone bag. Maurakami occupied the center garden but didn't get a chance to show whether he could get a fly ball or not.

Clarence Tiner and Claude Bryan are sufferers of injured members to their anotomy with *Tiner suffering* with sore right flinger while Bryan has a bum knee but they seem to be getting around better and hope to be in good shape soon.

The fans will have a chance to see them in action Thursday and Friday afternoons at Nowlin Park against Jack Lelivelt's Tulsa Oilers at 3:30 Manager Fowlkes has not decided on who he will use during the series but they will give the Oilers a go for their money.

The many friends of Mrs. W. R. Storey will be glad to know that she is now able to sit up a little, and was able to take a short drive a few days ago.

SERMONS BY VISITORS WINS MANY CONVERTS

Twenty-six persons were converted at a night service at the First Baptist church, Havana, Cuba, recently upon the occasion of a visit of a number of the state secretaries from the South. A large congregation was present and two of the secretaries preached through Rev. M. N. McCall, superintendent of the Home Board's work in Cuba, as interpreter.

Finance Expert But Lives In A Poor House

EL PASO, Texas, April 3.—A student of finance, studying for years in the best universities of Germany—

Now—in a poor house almost eighty years old.

Karl Engelsfrewned, born in Switzerland, went to Germany for schooling For years he studied finance in the best universities.

Then he came to New York from Europe; from there he went to Mexico. He came here 43 years ago.

Odd jobs were all he could find, despite his knowledge of finance "under experts" as he still produly says. Part of the time he could not make a living at all. Once a kind German woman took care of him for a while.

He drove transfer wagons and sometimes worked in a laundry. He never married.

Now he sits in the county farm among men who cannot talk to him for he is almost deaf and who can understand little of his broken English. He sees only light and dark—one eye is completely blind. He wonders why the finance experts forgot to tell him how to make money.

Letters from People

PRAISE DUE POSTMASTER

Mexia, Texas, April 2, 1924.

Editor Mexia News:

Being an ardent believer in the "free and untrammeled democracy" of the democratic party, I am also inclined toward the almost self evident proposition that "if you can't find a democrat to fill an office you ought to abolish the office.".

And, yet, I frequently meet a good, old fashioned, courteous and accommodating republican officeholder who upsets that self evident proposition. We have one of those kind here in Mexia. His name is Postmaster Newman. I seldom go into the postoffice without finding proof of his courtesy.

When somebody has lost a bunch of keys or something more valuable, or someone whose address is unknown is being sought through the postmaster, we find a notice of it on the black board in the postoffice lobby. Perhaps a death message has come to some one in the oil field who cannot be located by the telegraph or telephone companies; and immediately we find a notice on the black board telling the party to call at the telegraph or telephone office, or at the post office and get the message.

A few weeks ago I had a letter from an elderly lady whom I knew when I was a boy back in the old home town. Her son was a school mate of mine. The gray haired mother was heart broken because she had not heard from her boy for over a year—not since the oil excitement at Kosse in the fall of 1922. She had tried in many ways to locate him but had failed, and at last wrote me to ask if I would not help her find him or find out whether he was living or dead. She feared he had happened to a serious accident or perhaps had even lost his life.

Knowing that Mr. Newman is always going out of his way to accommodate somebody, I sent him the letter I had received from the young man's mother, and asked him if he would not endeavor to reach the young man through the long arm of the postoffice department.

Although it was outside the line of his official duties, Mr. Newman immediately took the matter up through proper channels with the postmaster in every oil field in the southwest. In less than two weeks the young man, in an oil field quite a long distance from any railroad or postoffice, heard that his mother was worried about him and was seeking him through the post office department, and he immediately got in touch with her by phone and by letter. And now the mother—her heart relieved of a heavy burden—writes me a very tender letter in which she gives high praise to Uncle Sam's great postoffice system and especially to Postmaster Newman. I pass the praise on, first, because they are entitled to it; second, because it is gratifying to the public to know that the greatest business organization in the world has not lost the human touch.

Someone has said "a little touch of kindness makes the whole world kin." And when a great business organization like the United States Postal Department will step aside from its routine existence to do some one a kindness, to dry the tears of a grief stricken mother and to ease her aching heart, then we know our country is safe and its destiny is secure.

BEN B. HUNT.

HETIC MOMENTS

By GRABS

Coach Ernest H. Potcet's Black Cats won their third game of the season from the Thornton nine at Nowlin Park Monday afternoon by a score of 15 to 10. It was only after several of the first strong men had been pulled and subs had been sent in did the Cats show anything like their old stuff.

Captain Kendrick on third made three errors in the first two innings and he was benched in favor of Wallace, a diminutive youngster who played the hot corner well and slapped the ball all over the park.

All of the outfielders had to be brought in and other subs sent in. Mills replaced Lucas in left and he was later pulled in favor of Aulds. Perkinson was relieved by Ward and Robinson gave way to Maxwell.

The Cats will journey to Dawson Thursday afternoon to play the Navarro county boys. If they display the brand of baseball there that they have been playing for the last few days they will more than likely come home with the small end of the score. But here's hoping that they get back to their stride and win the game.

Clarence Tiner, Claude Bryan, Pike Scheiffer, Harry Maurakami and Carl Hill were left in town while the boys went to Cleburne and they must have had a good time with the whole Hurdleston Hotel to themsleves. Saturday night Tiner came in to find that a caterpillar tractor, or something bigger than that, had gone through his room and left it looking like a Kansas cyclone had paid him a visit and left that as a calling card. He got rather "het" up over it and he says that he believes that revenge will be his before long.

Tiner and Pike Scheiffer told me that they went to the country Sunday afternoon. I guess that they were out trying to catch some frying size chicken or rabbits. I thought that it was a wonder that they didn't try to find some watermelons but on asking Tiner he said that he had been raised on the farm and was one of the few men in the world that understood hen talk. He and Pike tried to catch an old hen to bring back for Maurakami but they did not have any luck.

A corps of umpires work the practice game with the Cats including Tiner, Ludwick, Sanders and Bryan. Bryan has a voice like Jack O'Hearne who rendered decisions in this loop for a time last year and it may turn out that he will make as good an ump as a center gardener.

Carl Hill is not very limber yet and that kills predictions that he would be in good shape as he has been racing the pack rabbits around Coolidge with a gray hound an he should have had plenty of exercise. But he will get all right in a short time.

Most Popular Oldsmobile Ever Built

The public recognizes the wholly unusual value offered in this six—a value well typified in the coupe.

Here first of all is a Fisher body—which speaks volumes for its quality. We could lay bare the frame of the coupe and show you the splendid workmanship of Fisher craftsmen. We could become very technical in explaining the scientfiic construction of all the parts, but all this quality can be taken for granted when we say—Body by Fisher.

As for performance—we want you to drive this car. Then you will appreciate the value of this joint product of Oldsmobile and General Motors.

McAdoo And Davis Locking Horns In Latter's State

HUTCHISON, Kas., April 2.—Supporters of William G. McAdoo and Governor Jonathen M. Davis battled here today at the Democratic State convention for control of the Kansas delegation to the national convention.

Despite an agreement entered into two weeks ago by leaders of the Davis for President move with McAdoo supporters that the convention would give unqualified endorsement to the Kansas Governor for the Democratic nomination, a resolution approving the McAdoo candidacy will be pushed by his followers.

The Governor would not consent to a resolution endorsing him and McAdoo jointly.

Wednesday A Feast Of Good Things For Women of Third Texas District Which Concludes Annual Meet Today

Wednesday fas averitable feast of good things, continuing today, when the program of the Federated clubs of the third district of Texas was carried out.

Mrs. D. F. McCollum of Commerce gave a lovely solo, accompanied on the piano by Miss Virgean Estes of the same city.

Miss Kate Friend of Waco gave an appreciated address on Literary programs for Federated clubs. She laid emphasis especially on the culture obtained from association with good literature and concluded by saying that "if we would reap the highest benefits in literature, we must laugh with the laughters, love with the lovers, dream with the dreamers and do with the doers."

After each group of reports from the various clubs, Mrs. Maggie Barry led a round table discussion and brought out concrete facts and definite points of helpfulness for all club members from these reports.

Mrs. Henry Redmond of Corpus Christi, the State President of the Federation, conducted a club Institute or school of methods for the needs of the club women. She also stressed unity of action, concluding by saying: "We have high standards. Let us hold up these high ideals."

An address was given by Mrs. W. A. Adams of San Antonio, who is state chairman of the Americanization T. F. W. C., giving valuable statistics on the foreign born in Texas. (Her address will be given in an early issue of The Mexia Daily News.)

Mrs. A. R. Rucks of Angleton, who is President of the Fourth Texas District, was an interested visitor at the sessions Wednesday.

Following the sessions during the day time at the High School, with lunch at noon in the cafeteria, the delegates and visitors were carried through the oil fields and to the Reunion Grounds where the Chamber of Commerce tendered a dinner Wednesday evening.

At eight o'clock the delegation returned to town and assembled at the First Baptist church where a delightful program opened at 8:30 o'clock.

In opening the meeting, Mrs. E. E. Maloney, President, Wednesday night spoke with pleasure of the reception and hospitality that had been extended by the citizens and especially thanked the Chamber of Commrece for the dinner at the Reunion Grounds.

The invocation was delivered by Rev. W. B. Andrews, Pastor of the First Methodist church. Seated on the beautifully decorated rostrum of the handsome church were those who participated in the musical features of the program. The decorations converted the choir loft and rostrum into a veritable woodland of rustic beauty and flower garden of imposing lovliness. Grass fresh from Nature's Spring offering carpeted the floor, leading up to the foliage covered choir rail and to the piano and table. The decoration committees who have worked at the various places where the club women have held forth all gave unsparingly of their time and much praise has been accorded them for the ingenuity and skill with which the artistic ideals of womanhood have found expression in the labor of love which has been theirs to perform.

Mrs. Maloney gave a brief introductory address prior to the musical numbers opening the Wednesday evening program, which were as follows:

Piano: (a) To the Rising Sun, Op. 4, No. 1 (b) Isle of Dreams, Op 10, No. 2 (Trygve Torjussen) (c) Juba Dance, from the suite "In the Bottoms" (R. Nathaniel Dett)—Mrs. Isidor Levy, Terrell.

Soprano (a) Kiss Waltz (Arditi) (b) Little Conn's Prayer (Barbara Holt)—Miss Lucile Lechner, Terrell; Mrs. Isidor Levy, accompanist.

Organ Solo (selected)—Mrs. Ira Needham, Mexia.

Violin: Selection from Texas Composers—Miss Catherine Ruth Brown, Groesbeck. Mrs. W. W. Brown, accompanist.

Chorus— Medley of Old Airs—Mrs. C. O. Denning, Director; Mrs. Ira Needham, accompanist.

Speakers for the occasion were Major Charles H. Mills of Corsicana and John A. Lomax, Secretary of the Ex-Students Association of the University of Texas. Major Mills, introduced as the son of R. Q. Mills, an illustrious Texan who had helped lay the foundation of this commonwealth, delivered an inspiring address on Texas History. Mr. Lomax presented an address on Cowboy Songs. Both of these were immensely enjoyed by the gathering. The convention will adjourn Thursday afternoon.

Interurban From San Antonio To State Capital

SAN ANTONIO, Texas, April 3.—An interurban linking San Antonio and Austin has been assured. Incorporation papers have been secured at Austin.

The properties of the Seguin and Guadalupe Valley Railway Company, which include much graded right-of-way never completed because of the war, has been taken over. Thirteen dam sites along the Guadalupe river have been purchased, and the use of water power is planned.

The first unit will be from San Antonio to Seguin and work will begin in a few weeks. When the line is completed, 500,000 people will be served and a new territory given quick transportation service.

Lockhart, Seguin, San Marcos, New Braunfels, Gonzales, Cuero, and Yoakum will be on the line.

EMPORIA, Kas.—Secretary of the Treasury Mellon will be the next cabinet officer to "walk the plank" according to William Allen White, Emporia editor. "If he stays aboard, he will sink the ship," White said, "and the ship does not deserve sinking for Mr. Mellon. The roar that forced out Daugherty and Denby will be a whisper when compared with what Mellon will get when the country knows hat he has done.

Simple Home Treatment For Swollen Veins

If you or any relative or friend is worried because of varicose veins, or bunches, the best advice that any one in this world can give is to get a prescription that many physicians are now prescribing.

Ask your druggist for an original two ounce bottle of Emerald Oil (full strength) and apply night and morning to the swollen, enlarged veins. Soon you will notice that they are growing smaller and the treatment should be continued until the veins are of normal size. Emerald Oil is a powerful, yet harmless germicide and results are guaranteed. —(Adv).
